RIAD Congress - 5 & 6 October 2017

Congress theme

The goal of the RIAD Congress 2017 is to offer delegates a unique opportunity to identify the core issues and necessary steps to keep pace with progress in the field of legal protection. One aspect of this will be to understand how behavioural economics of consumers have transformed and how this impacts our businesses.

We see that the world around us has been changing in many ways. Changes have mostly been driven by digitalization, globalization, and by new ways of delivering as well as consuming goods and services. Consumers, our customers, and business partners behave differently today than five or even only two years ago. What are their needs? What do they expect from us? And what is necessary to connect with them? Delegates have the opportunity to explore shortcomings as well as strengths of legal protection insurance, look at its potential in view of consumer needs and expectations, and discuss how to connect and communicate with today's customers and business partners.

The goal of the congress is to formulate the relevant questions which show us the way to change. Join the RIAD Congress to find out how!

Audience

120 – 150 participants, mainly members of RIAD, i.e. CEOs and representatives of legal protection insurers at executive and management levels, stakeholders (e.g. lawyers, consumer representative, insurance associations, etc.), legal and legal-protection specialists, and all interested parties (e.g. national ministries, representatives of regulators and national parliaments etc.). Other organisations previously attended include: WeClaim, Uber, Canadian Bar Association, IBM Watson Group, KPMG, HiiL Innovating Justice, Deloitte, LegalZoom, ALLYSCA Assistance, CASE LAW ANALYTICS, Allianz, Countrywide Pre-Paid Legal, Services, Inc., Sykes Assistance Services Corporation.

RIAD, the International Association of Legal Protection Insurance, is the only body worldwide representing the unique interests of legal protection insurers and service providers in this field from Europe, Canada, South Africa and Japan. In this capacity, RIAD defends the high potential of legal protection insurance as an easy, affordable and high quality solution for access to justice and the law. www.riad-online.eu
